

June 2020

"A Great Place To Grow"

Dear Parents/Guardians,

The Grade 4's at MES will continue with our community system for school supplies for the 2020/2021 school year. Students will be asked to pay a flat rate supply fee instead of purchasing individual supplies from a list. We are excited to offer this opportunity again this year!

What are the benefits?

- We are able to group order supplies at a heavily discounted rate.
- There will be an increased consistency in the quality of supplies in each classroom.
- We're able to cut our required supplies in an effort to reduce our school's carbon footprint.
- Supplies stay in the classroom meaning there will be no replacing lost items/replenishing pencil cases.

There are a few additional items not included in the fee that we ask students to come with in September. These items include:

- Phys Ed: 1 pair of indoor runners (non-marking)
- Music: 1 recorder (This can be purchased through Mr. Bergen in January for \$7)
- 1 backpack
- 2 boxes of Kleenex
- 1 set of personal headphones

Below is a breakdown of the entire Student Fee for next year. As usual, these fees will be collected in September, when the new school year begins.

School Fee Breakdown	
School Supplies.....	\$40
Field trip fee.....	\$20
Total.....	\$60

Thanks for your support in this,

Your Grade 4 Team
