

PRINCIPAL'S MESSAGE

So much to be Thankful for:

- School is open
- Supportive families
- Happy students
- Caring teachers/support staff

Thoughts:

As I started to make this list I soon realized that it could go on and on. As we move into October, I have to say September proved to be a difficult time of adjustment on many fronts. While we have had an influx of Covid cases in our school, we continue to work closely with Public Health implementing protective measures as required/recommended. Public Health has assured us that these measures have been working to avoid in-school transmissions, which is very encouraging. A big thank you to the parents of MES for diligently monitoring symptoms at home, and then taking precautionary steps to mitigate any spread at school. So perhaps I am most thankful for the fact that all of us who are invested in MES want and are working towards the exact same thing. Together we want MES to continue to be a safe place for all.
